

INTERNATIONAL SUMMER SCHOOL Training in Landscape Character Assessment Methods and Tools (LCA_MT)

7-12 September 2015

A sunny learning experience in the Greek islands!

Learn by interacting, in a multicultural environment, and acquire transferable ECTS!

The International Summer School **Training in Landscape Character Assessment Methods and Tools** represents an important opportunity for young scientists and decision-makers, to enrich their knowledge in the Methodology of Landscape Character Assessment (LCA), a tool for the protection and management of natural and cultural heritage. Participants will be trained by research academic staff and experts from Lebanon, England, Cyprus and Jordan, internationally acclaimed in subjects such as analysis, evaluation and landscape mapping, risk assessment models and participatory governance and management of the landscape as a public good.

The International Summer School is organized by the Department of Geography, University of the Aegean, under the supervision of Professor Theano S. Terkenli. It builds on the results and achievements of the project MEDSCAPES (IIB / 2.1 / 0292) of the European Territorial Program Cooperation ENPI CBCMED, which funded at 90% by the European Union and by 10% through National Participation (<http://enpi-medscapes.org/index.php/en/>).

When: 7-12 September 2015

Where: Mytiline and Sigri, Lesvos, Greece

For whom: Undergraduates, Msc and PhD students, Post-doctorate Students, Educators and Professionals in Landscape Architecture, Planning, Rural Studies, Geography, Rural Sociology, Civil Engineering, Environmental Sciences, Land Use Law, Participatory Resource Management etc., and Civil Servants working in relevant fields. Relevant experience in landscape analysis and planning, as well as basic knowledge on GIS, will be taken into consideration during the selection process of candidates.

The Summer School will be conducted in the English language.

Applications should be sent by June 15, 2015.
